Summary

Postgraduate in Electronics with an Integrated MSc degree and knowledge of electronic circuits, signals and systems, and analog and digital communication. Familiar with circuit design, electronic equipment, and microprocessor kits. Seeking an opportunity in the Signal Department to apply my technical knowledge, learn new skills, and contribute to the safe and smooth operation of signalling systems. Hardworking, disciplined, and eager to learn.

Education

Technical Education

- Integrated MSc in Electronics | CSJM University, Kanpur | 2024

School Education

- Class XII (PCM) | M.D.B.L. Inter College, Umari, Kanpur Nagar | UP Board| 82% | 2020
- Class X | M.D.B.L. Inter College, Umari, Kanpur Nagar | UP Board | 89% | 2018

Skill Set

Software Skills: Python, HTML, CSS
Hardware Skills: Circuit Design, Oscilloscope Usage, Breadboard Prototyping, Microprocessor Kits
Computer Skills: Microsoft Office, PowerPoint, Microsoft Excel
Soft Skills: Problem-Solving, Teamwork, Time Management, Communication
Subject Expertise: Digital and Analog Electronics, Signals and Systems, Analog and Digital Communication, Network Theory, Control Systems, VLSI

Work Experience

E.I.S. Electronics (India) Pvt. Ltd.
Designation: Engineering Support Team Member
Job Location: Rooma Industrial Area, Kanpur, Uttar Pradesh
Duration: [Sep ,2024] – [July, 2026]

- Read wiring diagrams and check wire connections.
- Assist in testing and troubleshooting using a multimeter.
- Maintain testing records and reports.

Project

1. Electronic Circuit Design and Testing

- Designed and tested basic electronic circuits; studied component behaviour and measured voltage and current.

2. Digital Signal Processing Using MATLAB

- Generated and analyzed digital signals using MATLAB applied digital filters to reduce noise and compared input and output waveforms.

3. Li-Fi Technology

- Developed a prototype for wireless data transmission using LEDs and photodetectors.
- Tested short-range communication and evaluated speed and reliability.

Language

- HINDI
- ENGLISH

Certifications

- AI/ML Course – Apna College (view certificate)
